1. Highlights

Jolly: small machine, great versatility

- Very compact dimensions
- Attractive design with easy customisation
- Touch sensitive buttons
- Ability to manage different types of capsules
- Automatic version
- Excellent coffee extraction
- Competitive price

2. Design & dimensions

Design

Jolly is available in black colour as standard with white front parts details & glossy black sides.

Simply changing its sides, Jolly will be available in plenty of different colours*.
You only have to choose yours!

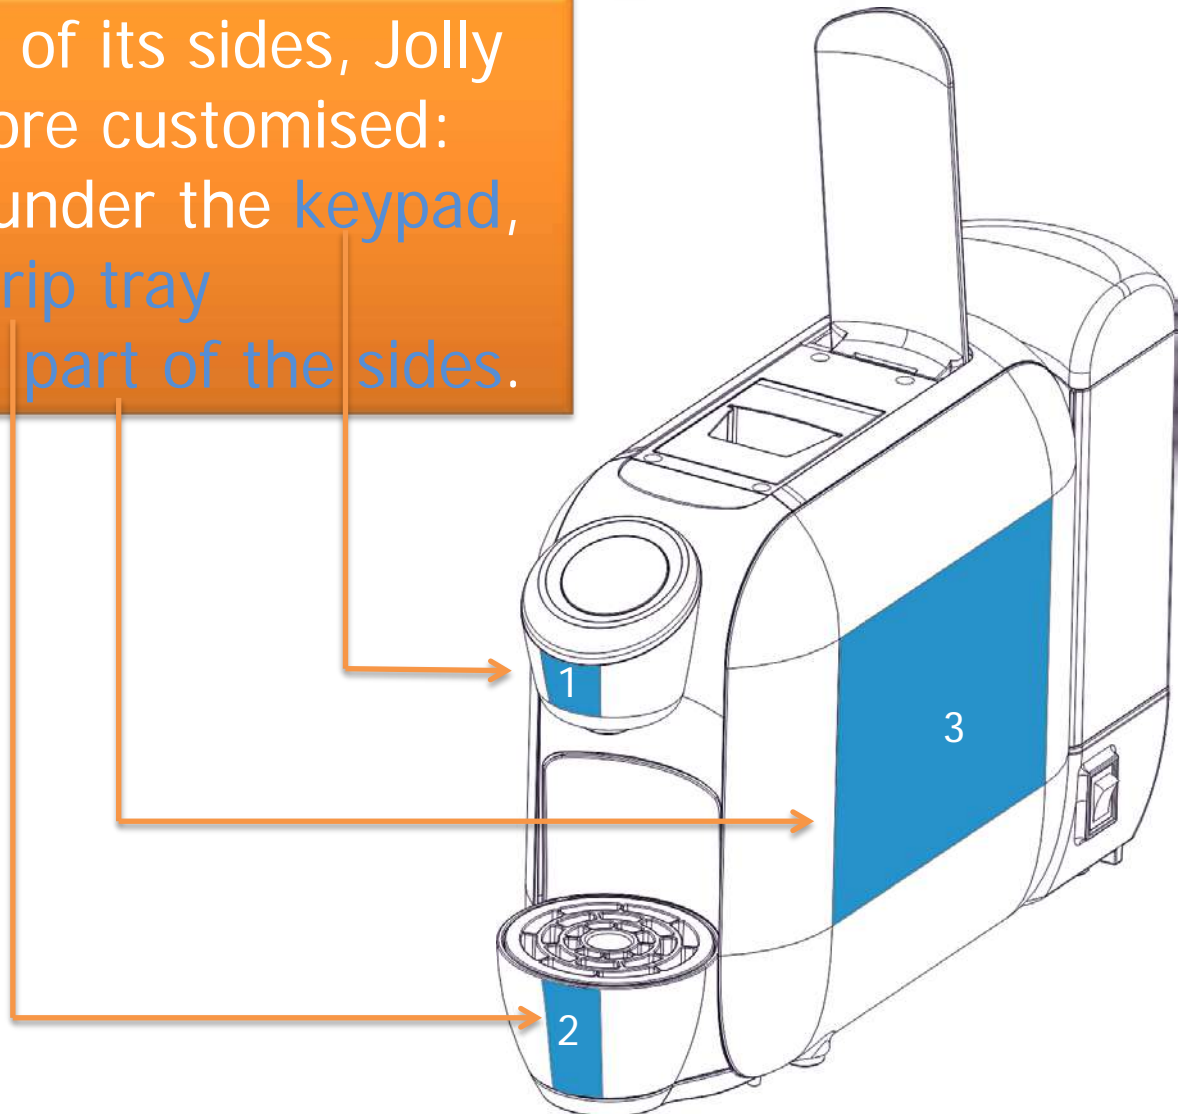

*Colours available as standard accessories are: red, blue, green and silver.
720 pieces is the minimum lot size for specific colours on customers' demand.

Design

Besides the colour of its sides, Jolly can be furthermore customised:
on the front area under the keypad,
on the drip tray
and on the central part of the sides.
